MEDULIN RIVIERA

Medulin / Premantura / Pomer / Banjole

Vinkuran / Pješćana Uvala

Sandy, rocky, pebble beaches, hidden, natural or developed - each beautiful in its own way, surrounded by crystal clear sea. Yes, these are the beaches of the Medulin Riviera, waiting for you to enjoy their beauty - under the sunny sky or the stars.

Along more than 70 kilometres of indented coastline of the Medulin Riviera, everyone will find a beach for themselves. Some will enjoy about 15 kilometres of natural beaches on Cape Kamenjak, some will choose developed urban beaches suitable for families with children, some will chose beaches with a rich offer of sports and other amenities, and some will seek solitude in a secluded bay.

Whichever beach you go to, no matter how you decide to spend your time along the coast of the Medulin Riviera, you will not go wrong, because every beach is unique and special in its own right.

Bijeca Beach in Medulin is one of the few sandy beaches in Istria that stretches for almost a thousand metres, and you should definitely experience the beaches on Kamenjak, ranked by Lonely Planet among the most beautiful beaches in the world.

Discover the beaches of the Medulin Riviera, locate your favourite one on this site and enjoy your summer.

Pješčane, stjenovite, šljunčane, skrovite, uređene, prirodne - prekrasne svaka na svoj način, okružene kristalno čistim morskim plavetnilom. Da, to su plaže Medulin Riviere koje vas pozivaju da uživate u njihovoj ljepoti - pod sunčanim nebom ili obasjani zvijezdama.

Na 70-ak kilometara razvedene morske obale Medulin Riviere svatko će pronaći plažu baš za sebe. Neki će uživati na 15-ak kilometara prirodnih plaža na Kamenjaku, neki će izabrati uređene urbane plaže prilagođene obiteljima s djecom, neki plaže s bogatom ponudom sportskih i inih sadržaja, a neki će potražiti osamu u skrovitoj uvali.

Na koju god plažu se zaputite i kako god da ste odlučili provesti vrijeme uz morsku obalu na Medulin Rivieri neće pogriješiti, jer svaka je plaža jedinstvena i posebna.

Plažu Bijeca u Medulinu, jednu je od rijetkih pješčanih plaža u Istri koja se rasprostire na gotovo tisuću metara, te plaže na Kamenjaku koje je svjetski vodič Lonely Planet uvrstio među najljepše plaže na svijetu svakako trebate doživjeti.

Otkrijte i vi plaže Medulin Riviere, pronadite na ovim stranicama svoju najljepšu plažu na kojoj ćete uživati ovoga ljeta.

Di sabbia, di ciottoli, rocciose, isolate, urbane, selvagge - ognuna bellissima a suo modo, tutte lambite da un mare cristallino dalle mille sfumature di azzurro. Sì, sono queste le spiagge della Riviera di Medulin che vi invitano a godere della loro bellezza - baciati dal sole o sotto un cielo stellato.

Su una settantina di chilometri di costa frastagliata della Medulin Riviera troverete sicuramente una spiaggia che fa per voi. Alcuni troveranno il loro luogo ideale lungo i 15 chilometri di spiagge selvagge di Kamenjak, le famiglie con bambini sceglieranno le spiagge urbane dotate di tutti i comfort, per gli appassionati di divertimento acquatico ci sono delle spiagge con una ricca offerta di attività sportive e ricreative, mentre altri opteranno per una insenatura appartata.

Qualsiasi spiaggia scegliate e in qualsiasi modo trascorriate la giornata lungo la costa della Riviera di Medulin, non resterete delusi, perché ogni spiaggia è speciale e unica nel suo genere. Vale la pena visitare la spiaggia Bijeca a Medulin, lunga più di mille metri e una delle poche spiagge di sabbia in Istria, nonché le spiagge di Kamenjak inserite tra le spiagge più belle del mondo dalla guida turistica mondiale "Lonely Planet".

Scoprite anche voi le spiagge della Medulin Riviera; scegliete su queste pagine la spiaggia che vi piace di più per trascorrervi questa estate.

Sandig, felsig, kiesig, versteckt, landschaftlich, natürlich - jeder Strand ist auf seine Art schön und von kristallklarem Meeresblau umgeben. Ja, das sind die Strände der Medulin Riviera, die Sie einladen, ihre Schönheit zu genießen - unter dem sonnigen Himmel oder von den Sternen beleuchtet.

An der etwa 70 Kilometern gegliederten Küste der Medulin Riviera findet jeder einen Strand nur für sich. Einige werden 15 Kilometer Naturstrände auf Kamenjak genießen, einige werden landschaftlich gestaltete Strände, die für Familien mit Kindern geeignet sind, oder einige Strände mit einem reichen Angebot an Sport- und anderen Inhalten, wählen und einige werden die Einsamkeit in einer abgelegenen Bucht suchen.

An welchen Strand Sie auch gehen und wie Sie sich entscheiden, Zeit an der Küste der Medulin Riviera zu verbringen, werden Sie keinen Fehler machen, denn jeder Strand ist einzigartig und besonders.

Unbedingt zu erleben sind der Strand Bijeca in Medulin, einer der wenigen Sandstrände in Istrien, der sich über fast tausend Meter erstreckt, und Strände auf Kamenjak, die vom Weltführer Lonely Planet zu den schönsten Stränden der Welt zählen.

Entdecken auch Sie die Strände von Medulin Riviera, finden Sie auf diesen Seiten Ihren schönsten Strand, wo Sie diesen Sommer genießen werden.
